## High School Of The Dead, Episode 14

### Fanfiction

5 years, that's all it took. Me (Takashi Kumuro), saeko, alice, rei miyamoto, Hirano and Shizuka to get to the abandoned island, that night there was another zombie outbreak on the island, somehow I fended them off during my sleep. Somehow. But we found other survivors, stranded on here one of them, Kazuto Kirigaya found a cure hidden inside military HQ. he had companions, Kaneki Ken who had supernatural powers he said he was a goul, Sora and Shiro the sibling super geniuses. We formed a group, it was quite amazing how we got on well.

The day they met, 6:04

"who the hell are you guys?" saeko asked. "funny, I was about to ask the same thing!" Kazuto (Kirito) replied, "don't get fresh with me asshole!" Shizuka shouted, "who the hell are you talking to chubby?" Kaneki asked smugly, "hey only I call him that!" Takagi growled. Kaneki growled back.

Present, 5:49/5:50

"so do you guys know where we could find help?" I asked. "somewhere up north where we came from, we saw a group of people, but they were like shadows or something," Kaneki replied. "maybe that was the Zombies," Alice said. "its not trust me," Kaneki replied. "hey Kirito are you alright?" I asked him, he said no but I know what was wrong. I reminded him about the no secrets policy, he hesitated at first but

told us. "my girlfriend Asuna Yuuki, sheâ€¦ it was in school. We where sitting together, she made some fresh chicken teriyaki sandwiches, my faviroute," he giggled and smiled, but then tears started to stream down his pale cheeks. "theâ€¦ monsters, they grabbed her and started to eat her infront of me, Kaneki saved me and told me to come with him to survive the apocalypse, so I did, but," he stopped starting to cry. "I MISS HER SO FUCKING MUCH!" he shouted closing his eyes hoping no more tears would stream down. We all looked at him, I felt really sorry for him. That does explain why he says her name in her sleep, that and one other thing. "we are familiar with the feeling," I tried to relax him. Sora stepped in. he somehow calmed him down, "so I guess we go up north," Shizuka said trying to break the silence. "I guess so, lets make a move on before the Zombies eat us," Kaneki replied walking forward. Kirito and sora and shiro followed him. We had no other choice to follow to, I guess he took the role as leader from me.

### ACT 14 THE SECOND HIGH SCHOOL

"Rias, I don't think we are getting any closer to Koneko, she properly moved south from her," Issei said. Rias gave him we are getting closer I can feel it look, he shrugged in reply. "im really scared for her!" rias said, I replied aren't we all. She smiled knowing I do give a he aount of fucks about the situation. I smiled back.

I started pacing up to Kaneki, "so we need food you know, and shelter," I reminded him. He winked at me and jumped across a gap to a hill, running down. I grinned, "what the hell is he doing?" saeko asked. "getting food," I replied. In a matter of minutes he came back with some food, fish. He then told us there was a shelter but had 3 zombies inside. He took care of them so that it was open to us. So we inhabited it. I yawned because everything is going so boring. But this was a type of normal I guess, that was alright. I went outside and sat down. Not far from our shelter, Rei followed me and sat right beside me. "its boring right," she said. I nodded in agreement "but it is actually quite normal if you think about it," I replied. "yeah normal, because we are surrounded by a geek, otaku gun nerd, a dog, a supernatural octopus and a computer freak!" she started to laugh, so did I. she placed her head on my sholders and we both stared into the moon, that sight just made me forget about the zombies, apocalypse everything. I breathed in the air, but smelt something peculiar. Chicken burning.
